Dear Mr Bill,

Redbank Energy Group – Request for Voluntary Suspension

Pursuant to Listing Rule 17.2, Redbank Energy Limited (“REL”) requests a voluntary suspension in respect of its shares (ASX:AEJ), effective from the commencement of trading this morning on Thursday, 2 February 2012.

The reason for the voluntary suspension is that Redbank Energy is continuing its investigations into the cause and impact of the outage at the Redbank Power Station in the Hunter Valley, New South Wales. This process is ongoing and incomplete, and is expected to continue into next week. Accordingly, the Power Station is currently not generating.

It is expected that the voluntary suspension will end when REL is in a position to make a further announcement in relation to the outcome of these investigations, which is expected to be prior to the commencement of trading on Thursday, 9 February 2012.

REL is not aware of any reason why the suspension from quotation should not be granted or of any other information necessary to inform the market about the suspension.

Yours sincerely,

John Remedios
Company Secretary
